THREE VETERANS
RING REPLICAS
OF FAMED BELL

A crowd gathered in Lincoln Square this afternoon to welcome the arrival of a replica of the famous Liberty Bell, now on a tour of the state in connection with the United States Independence Savings bond drive, and heard a program which was ushered in with the ringing of church bells, a concert by the Gettysburg high school band, and a talk by Dr. Robert Fortenbaugh, professor of history at Gettysburg college.

Burgess William G. Weaver presided as master of ceremonies for the program, which was carried to the crowd in the square by public address system from the balcony of the Hotel Gettysburg.

Following the numbers by the band, the invocation was given by Rev. Willis R. Doyle, Episcopal rector and vice commander of the local camp of the Sons of Union Veterans.

A bond drive talk followed Dr. Fortenbaugh's address, and commanders of three veterans organizations participated in the ringing of the bell. The program closed with the Star Spangled Banner, led by the band, and the benediction by Rev. Fr. Anthony F. Kane, administrator of St. Francis Xavier Catholic church.

Doctor Fortenbaugh's address follows:

In the development of his "Holy Experiment," determined to establish a government generally acceptable to the people concerned, William Penn drafted and issued three charters or "Frames of Government" for the people of Pennsylvania. The third of these, issued just before he left Pennsylvania in 1701, never again to return, and known as the Charter of Privileges, remained in force for 75 years. It was under this liberal charter that the province of Pennsylvania became, very shortly, one of the leading English colonial establishments in North America.

Build Tower For Bell

An evidence of the prosperous development of the province was shown in the beginning, in 1732, of a building to be used as a state house. This was completed as originally designed in 1747, with a tower added in 1750-51. Meanwhile in 1736, still uncompleted, it was occupied by officials for the conduct of the public business of the provincial government. The tower, or steeple, was added with the intention of providing a place in which a bell could be hung. Consequently in November, 1751, the superintendents of the state house wrote a letter to Robert Charles, colonial agent of Pennsylvania in London, directing him to "procure a bell of about two thousand pounds weight, the cost of which we presume may amount to 100 pounds sterling." Let the bell be cast by the best workers and examine carefully before it is shipped.

It was the intention of the superintendents to purchase and hang the bell in commemoration of the 50th anniversary of issuance of the Charter of Privileges of 1701. Therefore, in harmony with their intention, they instructed their agent to have cast around the top of the bell "these following words, well shapen in large letters around it, viz: 'By Order of the Assembly of the Province of Pennsylvania for the State House in the City of Philadelphia, 1752; and underneath: 'Proclaim Liberty Throughout all the Land unto all the Inhabitants thereof—Leviticus XXV.10.'" This quotation from the third book of the Old Testament was most appropriate when the whole context from which it is taken is considered.

Year Of Jubilee

The book details the body of ceremonial law of the Hebrews and in this particular connection states the law of the sabbatical year and of the year of jubilee, "And ye shall hallow the fiftieth year, and proclaim liberty throughout all the land unto all the inhabitants thereof: it shall be a jubilee unto you; it shall be holy unto you."

The bell was made according to the specifications and arrived in Philadelphia late in August, 1752. It was hung on trusses in the State House yard to test its tone before it was raised in the tower. It

Near Court House

Employees of Shealer's Tree Surgeons today removed two shade trees, one a small one, from the yard on the south side of the court house. The area way itself was being cleaned up.

Two other trees were left standing, but were being trimmed, and Mr. Smith said a large shade tree on the north, or West Middle street side of the court house would also be trimmed.

Earth excavated for the court house cellar was used to grade the adjoining yard, Mr. Smith said.

ACHESON ASKS ARMS APPROVAL

Washington, June 2 (AP)—Secretary of State Acheson today urged Congress to approve a new \$1,222,500,000 foreign arms aid program to help free peoples protect themselves against "those who would enslave them."

Acheson said the United States must continue its military assistance to Western Europe in order to preserve the North Atlantic area from aggression.

He said the western, anti-Communist coalition already has made great progress in economic and political cooperation and in defense preparations.

But, the secretary said sharply: "If any one of us let down, or slacken our efforts, the results could be disaster. Only by forceful, concerted action along the lines which have been initiated can the countries which practice democracy preserve democracy."

Acheson's prepared testimony was presented to a joint session of the Senate Foreign Relations and Armed Services committee.

PLANS BILL TO HELP WIDOWS

Washington, June 2 (AP)—A bill to give the widow or orphan of a veteran a financial break at a time when money often is most needed was ready for introduction by Rep. Dague (R-Pa.).

The measure pertains to funeral expenses and debts resulting from a veteran's last illness, such as hospital bills. The law requires that the widow's or orphan's income be beneath certain ceilings, which vary according to circumstances, for payment of death pension.

Pays Heavy Tax
At present, Dague explained, if a widow receives \$1,000 in commercial life insurance when her veteran-husband dies the \$1,000 is counted as income for that year even though the widow uses most or all of it to pay funeral and other expenses.

Under Dague's bill, these expenses could be deducted from income and as a result, he said, survivors would be found eligible for a pension in many cases where today they are not.

The bill, he said, would apply to all income, not only insurance.

Dague said he drew up the bill after a number of cases were brought to his attention where widows or orphans had virtually nothing to live on for a year, and yet were ineligible for a pension.

Senator Converted To Atlantic Union

Washington, June 2 (AP)—Senator Gillette (D-Iowa) has declared himself a convert to the proposed Atlantic union. He said it could turn what he called the militaristic Atlantic pact into "a great coalition for world peace."

Gillette in an address prepared for the first luncheon session of a two-day meeting of the Atlantic Union Committee, Inc., said he is "astonished" at the reluctance of the administration to embrace the idea of a transatlantic federation of democracies.

"What is ultimately needed is a world-wide union including as many nations as can be incorporated within it in the near future and including, someday, all the nations of the earth," the Iowa declared.

Gillette said he had once actually debated against the idea with the committee's president, former Associate Justice Owen J. Roberts of the Supreme Court. "Times and the world have changed since then," Gillette said, and so has he.

Operation Succeeds But Patient Dies

Johnstown, Pa., June 2 (AP)—Believed recovering from an experimental heart operation, Donald Constable, Jr., 27, of Johnstown, died Wednesday in Johnstown hospital.

Two months ago in Philadelphia, Constable underwent what surgeons called the first heart operation ever performed without opening the chest.

An instrument was injected into Constable's neck forcing the aortic valve open to aid the flow of blood from the heart. Constable, a rheumatic fever victim 18 years, recovered rapidly and returned home March 31.

Tuesday midnight his weakened heart began to fail. He died shortly afterward at the hospital.

POPULATION DROPS

Reading, Pa., June 2 (AP)—Reading's population has decreased 1,744 since the 1940 census. Lyman R. Garhart, district census supervisor announced. The city now has a population of 108,824. This decline in individuals was noted although there was an increase of 2,340 in the number of dwelling units in reading. Garhart said. Reading's population also had dropped between the 1930 and 1940 census. It was noted.

New York, June 2 (AP)—There are 27,766,141 Catholics in the United States, Alaska and Hawaii—an increase of 3.8 per cent during the past year, the official Catholic directory for 1950 says. The directory, issued yesterday, said the increase over last year was 1,047,768.

MacArthur Plot Report Is "Fake"

Tokyo, June 2 (AP)—Maj. Gen. Charles A. Willoughby said tonight occupation headquarters had received Japanese reports of another plot to assassinate General MacArthur but he called them "an absolute fake."

"Nobody is going to kill Santa Claus," Willoughby, MacArthur's intelligence officer, said.

He disclosed an "excitable" Japanese policeman had informed occupation headquarters that police had arrested a Japanese who "apparently" was a paranoiac — a man who thinks the world is against him.

Headquarters "refuses to accept this story as evidence of a plot," Willoughby said. He added that no extra guards had been assigned to MacArthur.

ACHESON TALK REACTION MIXED

Washington, June 2 (AP)—Secretary of State Acheson's question and answer session with Congress pleased Democrats but left Republicans cold today.

Senator Lucas of Illinois, the Democratic leader, told reporters he thinks Acheson's appearance helped cement friendly relations between the State Department and Congress.

Senator Wherry of Nebraska, the GOP floor leader, said, on the contrary, he doesn't think that yesterday's unusual meeting in the library of Congress auditorium "changed anything, one way or the other." Rep. Arends (R-Ill.) said Acheson left a lot of questions unanswered.

Acheson's real test of his relations with the legislators will come with an appearance before the Senate Foreign Relations and Armed Services committees tomorrow on the Foreign Arms program, Wherry said.

"Acheson just used Congress as a window dressing for a radio speech," the Nebraska Senator complained. "His talk was so general and the questions and answers so general that nobody learned anything new. He says we are going to go into full partnership with the North Atlantic treaty nations. We'll find out what we are going to have to give up and what it will cost us when he unfolds the Foreign Arms program, I suppose."

Acheson is expected to propose that this country spend \$1,225,000,000 in a second year effort to help western Europe rearm against the threat of communism.

Seranton, Pa., June 2 (AP)—Population drop in this metropolis of the Pennsylvania hard coal region today posed a problem for both local and state authorities. Seranton's population is reported under the 1950 census as 125,080, or 11 per cent below the 1940 total of 140,404.

The local Chamber of Commerce considers the problem so serious it is moving to annex territory adjoining the city to make up the population loss.

Harrisburg, June 2 (AP)—The commonwealth's expected and collected general tax revenues are running almost even-Stephen, according to Gov. James H. Duff.

During the first fiscal year of the 1949-51 biennium, general tax collections ran \$327,501,844, or just \$361,055 short of the \$327,862,899 estimate given the 1949 legislature. The fiscal year ended May 31.

HOT LAVA POURS OFF MAUNA LOA

Honolulu, June 2 (AP)—Mauna Loa, the world's most active volcano, erupted last night after 18 months of uneasy quiet.

The Civil Air Patrol said a river of red-hot lava poured into the ocean on the Kona coast of Hawaii island near Honaunau village. This is about 20 miles from the volcano summit. There were no immediate reports of damage.

Hilo, Hawaii, police reported by radio that the river of boiling lava hissed into the ocean at 1:05 a.m. (7:05 a.m., E.D.T.), three and one-half hours after the eruption. This would cut off telephone communication between Hilo and the Kona, or southwest, coast, Honolulu police said.

A Pan-American pilot said Mauna Loa shot a smoke cloud up 30,000 feet.

"It looked like an atomic explosion mushroom," said Gilbert B. Blackmore. "We could hear pieces of what was probably ash hitting against the plane. The main lava flow was long with branches running off to the side. Some of the branches appeared to be longer than the main flow."

Blackmore said the main flow was two miles wide.

cracked during the test, and was replaced by workmen who qualified as "two ingenious workmen." In fact, it was cast twice by these men before it met with approval. The same form and style of lettering were used as in the original casting but the quotation from Leviticus was set above instead of underneath the words: "By order of the Assembly, etc." Also there were added the names of the workmen, "Pass and Stow, Philada (sic), MDCCCLIII."

A newspaper notice of June 7, 1753 states, "Last week was raised and fixed in the State House steeple the new great bell cast here by Pass and Stow, weighing 2080 pounds with the motto: 'Proclaim Liberty to all the Land and all the inhabitants thereof.'"

Sacred National Symbol

This bell, so prophetically inscribed, has become a sacred national symbol through its part in ringing to announce the Proclamation of the Adoption of the Declaration of Independence on July 8, 1776. This was read for the first time in public in the State House yard, from the balcony of another small building then standing in the northeastern end of the yard. At the conclusion of the reading, the bellringer, Andrew McNair, tolled the bell once more, and its fame as the "Liberty Bell" began. From that day it continued to record events of national importance until, in 1835, it cracked while tolling the death of Chief Justice John Marshall. Although efforts were made to make it speak again it has remained silent since that day.

It is fitting that in this Jubilee Year the great national bell of liberty should be honored anew and brought to the notice of the people of the nation through a nationwide display of reproductions of the original. For this is a Jubilee Year. In the first place, it is one of world-wide celebration by a great body of Christians and in full compliance with the Levitical injunction to "hallow the fiftieth year." Many millions are observing the Holy Year at home; many thousands are making pious pilgrimages to the Holy Places of the Faith.

County Jubilee Year
In the second place, it is a Jubilee year for us here in Adams county as we commemorate the sesqui-centennial of the separation of the county. In such public observances the 50 year unit is a common and very appropriate one, and so we celebrate "golden" anniversaries and sesqui-centenaries recalling also the injunction to "hallow the fiftieth year."

Religious freedom, political freedom, government by consent of the governed, and local responsibility for ordering the daily lives of free citizens are parts of a great tradition of liberty by which this bell is marked and in behalf of which 174 years ago it pealed forth its stirring melody. Its message, "Proclaim Liberty Throughout all the Land unto all the Inhabitants thereof," makes it a most precious symbol.

In these days of tension, of "cold war," of fear of the future, it is

MARION SPARKS CARDS TO WIN OVER DODGERS

By JACK HAND
(Associated Press Sports Writer)

Old Cardinals never die. Take Marty Marion for instance.

For 11 major league years, Mr. shortstop went quietly about his business. Never did he hit a home run with the bases loaded. Never, until last night.

Marty waited until they really needed one. With Brooklyn in town and the Cardinals scrambling to wipe out the May 18 horror of blowing an 8-0 lead, Marion hit his grand slam homer. The resulting 5-2 victory hoisted St. Louis into a first place tie with the Dodgers.

And this was the same Marion whose condition worried Manager Eddie Dyer all spring. Worried him so much that he talked owner Fred Saigh into signing Eddie Miller as a fill-in, just in case.

Miller opened the season, played all but a few innings of the first 14 games. Eddie was doing fine but the Cards bumped along in fifth place at a .500 clip.

After the nerve-shattering episode of May 18 at Brooklyn, the Cardinals were left for dead. Back they came, with Marion playing almost every day, to win 10 of 12. Now they have caught the Dodgers.

Regain Old Form
Howie Pollet, another Cardinal of 1941-42 vintage, backed up Marion's clutch with a five-hit pitching job. It was Howard's first 1950 conquest of the Brooks, a club he used to whip regularly.

The sixth straight Cardinal victory may have been expensive. Two regulars, catcher Joe Garagiola and third baseman Tommy Glaviano were forced to leave the game because of injuries. Garagiola suffered a shoulder separation when he tumbled at first base. Glaviano injured an ankle at third.

Attracted by the drama of a Dodger-Cardinal meeting, a crowd of 32,180, largest of the St. Louis season turned out for the series opener. They play again tonight and tomorrow afternoon.

The Philadelphia Phils and Boston Braves both closed in on the Dodgers and Cards with afternoon victories. The Phils racked up Chicago, 8-4, moving to within a half game of the leaders.

Curt Simmons, with his customary aid from reliever Jim Konstanty, grabbed his seventh win at the expense of Frank Hiller, routed in a five-run second inning.

9th Loss For Pirates
Sid Gordon's grand slam homer, his second of the year, started Boston on its way to a 14-2 rout of Pittsburgh. It was the Pirates' ninth straight loss, their longest losing streak in 11 years.

Cincinnati and New York split a twilight-night doubleheader with the Reds taking the second game, 5-2, behind Ewell Blackwell. A four-run rally in the ninth inning gave the Giants the opener, 8-7.

Rain washed out the Detroit at Philadelphia and Cleveland at Boston night games in the American, giving New York a chance to pick up ground on all the first division clubs. They did.

Coming from behind to tie in the ninth, the Yankee finally whipped Chicago's revamped White Sox, 6-5, in 10 innings. Hank Bauer scored from first base on a bloop single by Gerry Coleman and an error by outfielder Dave Philley. Joe Page who followed Allie Reynolds and Bob Porterfield to the mound, picked up his third win by working only the tenth inning.

Fail To Report
Three successive singles enabled the St. Louis Browns to nip Washington, 5-4, in 12 innings. The Senator, somewhat provoked when Bob Kuzava and Cass Michaels failed to show up after their recent trade, apologized to the fans.

Singles by Don Lenhardt, Hank Artt and Billy Sommers broke up the game.

Eastern League
(By The Associated Press)

The Williamsport Tigers want to assure Eastern League fans that it isn't Tiger practice to stand still with the ball.

Third Baseman Bobby Warren did just that last night while Nat Clifton scored for league-leading Wilkes-Barre to edge the Tigers, 2-1.

Meanwhile, Bob Sundstorm hurled the Elmira Pioneers to a 5-1 victory over the last-place Scranton Miners. Rain postponed Binghamton at Hartford and Utica at Albany.

At Williamsport the ninth-inning tying run was tripped in by Clifton, ace recently sold to the New York Knickerbockers by the Harlem Globetrotters. With Clifton on third, Warren caught a bounce off the bat of Dave Pope, but couldn't decide what to do with it. Finally, he threw to first, while Clifton raced home. The victory went to Herb Benzel. Amede Decrudt took the loss.

RAIN, CUPID GAIN CANNERS PIAA FORFEIT

If this baseball story appears to be a bit involved blame it on (a)—the weather; (b)—love.

Chambersburg high school forfeited its District 3 playoff game Thursday to Biglerville and blamed the forfeit on the weather with an assist from a bridegroom-to-be.

The two teams were originally scheduled to meet in a quarter-final round playoff game Wednesday. Rain stopped that game. The contest was re-scheduled for Thursday.

We grounds caused it to be postponed again. The Chambersburg field is not available today. So Chambersburg offered to play the game Saturday.

"We can't play on Saturday. My best pitcher is getting married," Coach Russ Kane of Biglerville told Coach Jack Fisher of Chambersburg.

"Oh," said Fisher to Kane, "in that case we will award you a forfeit."

Pitcher Richard Pitzer, senior right-hander, will marry Miss Catherine Rice, a classmate Saturday. Chambersburg and Biglerville, bowing to the inevitable, called off the baseball date permanently for the Pitzer-Rice permanent date.

Blain and West York have also indefinitely postponed a game listed for Thursday night. Biglerville, through the Trojan forfeit, is to meet the Blain-West York game winner.

Other games carded for Saturday are Taneytown at Hanover Legion, and Woodsboro at Littlestown.

Emert announced today his starting lineup will be chosen from the following group of candidates: Robert Rohrbaugh, George Penn, Watson Wood, S. Sanders, Earl Carter, Thomas Small, Jay Schmitt, Jack Bartlett, Robert Dillman, Norman Yingling, Jay Sixes, L. Washington, John Little, S. Fisel, D. At Lancaster, the Red Roses took an even break with the Trenton Giants in a twin bill. Trenton won the opener 2-0 and Lancaster took the second game 8-6. The first game was seven innings.

Tonights games: Hagerstown at Harrisburg, Wilmington at Allentown; York at Sunbury, and Trenton at Lancaster.

Sports Roundup

By HUGH FULLERTON, JR.
New York, June 2 (AP)—It must be the weather . . .

Shag Shaughnessy, the International league president, was putting in an off-day cussing the elements and chucking over some recent major league player trades. . .

"Rain," he ejaculated, "Del Webb tells me in Kansas City they haven't played a home game where they could have batting or field practice. They've had to keep the tarpaulin on the field right up to game time."

But we got by Memorial Day all right and had some nice crowds . . . It was real nice sitting out there in the sunshine. . . (Maybe that's the next baseball novelty—playing games in the afternoon with the sun as a big selling point.) . . . "What do you think of that White Sox-Washington deal?" Shag asked, and without waiting for an answer he continued: "They were trying all spring to sell those two pitchers, and they were going to hold out for big prices. . . So they wound up having to trade with each other. . . Some of the writers are saying Ray Scarborough will go to the Yankees. . ."

After putting out a lot of money for Fred Sanford and Dick Wakefield, I don't think George Weiss will ever buy a player again. . . He looked out the window again at the rain.

WHEE! STUNGIS WAS STUNNED
One of the most surprising endings to a football game that ever occurred was in the 1943 Illinois-Ohio State contest, which the Buckeyes won 15 minutes after the final gun. . . Paul Brown of the Cleveland Browns, who was Ohio State coach, adds one detail that generally has been overlooked. As you recall, Illinois was offside on the last play and the teams were called back from the dressing rooms to run it again. . . Brown knew what the play would be. He had nominated John Stungis to try for a field goal, though Stungis never had kicked one. . . "There's nothing to it, John," said Paul. "I never missed a field goal in my life. . . Stungis' wobbly kick barely cleared the cross bar to give the Bucks a 29-28 victory. . . The elated athlete raced into the clubhouse screaming, 'I'm even with you, Coach. I've never missed a field goal either.' . . 'John,' answered Paul with a grin. 'You're one up on me, I never tried one.'"

Japs May Outlaw Communist Party

Tokyo, June 2 (AP)—Japan's Communists, goaded to fighting temper by international revolutionists, may face a showdown in tomorrow's anti-American "general strike."

Reliable Japanese sources said today General MacArthur's headquarters is studying a government plan to outlaw the Japan Communist party.

The details already are known to the Communists through the usual leaks, the sources said.

Whether the plan will be adopted may depend greatly on the Communist demonstrations tomorrow. The Red party predicted more than 400,000 labor unionists and thousands of students would join in the nation-wide strike.

Today's Talk

By GEORGE MATTHEW ADAMS

SILENT FRIENDS

An English author, Richard King, many years ago, sent me his little book, called "With Silent Friends." It was a collection of interesting essays upon everyday topics — an inspiring little book — but his preface was most interesting to me for he spoke of the large number of "silent" friends that his book had brought to him.

Said this writer: "My book has given me friends in all parts of the world — and for this friendship I am, and shall always be, eternally grateful." Every writer, or author, always feels this way. He never knows where his words are liable to fall. Only this week a gentleman called at my office, from Lima, Peru, to tell me of the inspiration gained from my first little book, "You Can."

This gentleman had purchased it somewhere over twenty-five years ago!

Every time I go into my library I feel I am in the presence of hundreds of silent friends. Books once were men and women, and in their books they live on. They are our silent friends, to whom we may talk at any hour of the day or night. They can entertain, instruct, inspire, and comfort us, and meet us in any mood.

When we read a helpful book we are, for the time being, taken out of ourselves, conducted into many a strange land, given new viewpoints, and enriched both mentally and spiritually. That's the use of books. And besides we have those silent friends, who have given to us so much pleasure and profit to think about long afterwards.

It is sad to miss from life so many of those whom we have loved and known, for we ourselves die a little each time a beloved one leaves. But silently they still live within us, and their memory is precious to us. As W. H. Hudson so beautifully expressed it, "the world is just as beautiful as it ever was, and our dead as much to us as they have ever been, even when faith was at its highest."

How can we complain with so many silent friends at our beck and call, friends who are still of us a part, though eternally hidden in shadow.

Tomorrow Mr. Adams will talk on the subject: "Names."

Just Folks

JUDGE WHO WOULDN'T JUDGE
They give their children loving care.
Good neighbors all are they.
Not one of them herself will spare.
Ask duty what it may.
I should have known I should refuse.
Before the time drew near.
So hard a task when asked to choose
The mother of the year.

They all obey the golden rule.
To cheer the sick they call,
And weekly both to church and school
They take their children small.
The one who wins and those who lose,
At heart, alike appear.
I cannot find the way to choose
The mother of the year.

Their homes with love and laughter glow,
By friends they're all adored.
They cook, they sweep, they nightly sew.
They love and serve the Lord.
And so, as one of judges three,
To keep my conscience clear,
I voted every one to be
The mother of the year.

NEW "A" ARMS
NEED SUPPORT
OF GOOD ARMY

By MAX BOYD

Washington, June 2 (AP)—New atomic weapons are giving Atlantic Pact military planners fresh confidence that Western Europe can be made secure without bankrupting the United States and its Allies.

But they fear that the absence of real military strength in Western Europe may invite Soviet attack a few years from now—unless the void is filled in the meantime.

The fact that atomic weapons of different types and sizes are under development was disclosed recently by Secretary of Defense Johnson.

He predicted that in the near future some of them may have tactical as well as strategic significance—that is, for use against troops, as well as industrial targets.

Defense Possible
Atlantic Pact military planners do not regard the developing atomic weapons as a substitute for greatly strengthened armies and tactical air forces in Western Europe, nor for stronger U. S. air and naval forces.

The say that an attacking Russian army could defend itself against atomic attack by dispersion, unless strong Allied ground and air forces were present to force it to concentrate.

Russian soldiers spaced 100 yards apart, they say, could walk entirely across Europe without prohibitive losses if faced only by atomic weapons.

The combination of tactical atomic weapons and stronger conventional forces are expected to lick this problem.

What the new weapons are like has not been announced. One is reported to be an A-bomb capable of being carried by a jet fighter-bomber. Another may be a weapon about which General J. Lawton Collins, the Army's chief-of-staff, told a National Guard audience recently.

New Light Tank
Collins said the Army has a weapon which, mounted on a light or medium tank, is capable of knocking out any known tracked vehicle. That would include Russia's thousands of tanks, which are among the best in the world.

The Army chief-of-staff also reported a new U. S. light tank was just getting into production, but he said production of a planned heavy tank would not be started unless and until the Army became convinced that the mobile light tank and its new weapon could do the job.

10,000 SLEEPY
"RED" YOUTHS
END SITDOWN

By PAUL R. BLOCK

Lubeck, Germany, June 2 (AP)—Ten thousand sleepy Communist youths marooned for two nights just inside the Soviet zone started moving toward their west German homes Thursday after calling off their sitdown strike. The blue-shirted boys and girls accepted West German police demands that they give their names or submit to medical examinations before crossing the border.

They had been camping in the chilly border "No Man's Land," refusing to heed the police orders, since Tuesday night when they reached the East-West zonal frontier after attending the Communist Whitman rally in Berlin.

No Early Incidents
The weary youths capitulated after a sleepless night during which they piled their straw bedding onto camp fires in an attempt to keep warm. This morning they shuffled past lines of police and watchful German doctors who gave them a quick lookover for any possible contagious diseases contracted in their crowded Berlin quarters.

There was no incidents in the early hours, Western police said doctors

found no illness among the youths.

After the border medical checkup, the young Reds wound in a long column toward Lubeck's main railway station where they were to take trains to their West German homes. They appeared too tired even to chant Communist songs as they had done yesterday.

Elsewhere along the East-West zonal frontier all was quiet. Police reported a few late-comers among the returning youths were straggling across the border in twos and threes and quickly hopping into trains or buses when they reached the western side of the zone line.

Surgeons have found ice a successful local anesthetic for amputation cases.

It takes about 44 hours to freeze the standard 300-pound block of ice.

PONTIAC**

Character is written all over it!

What a wonderful feeling it is to take the wheel of a magnificent new Pontiac convertible—to feel the pride of driving a car with character in every line and action, a car with a personality so distinctive there is literally nothing else like it on the road!

Naturally, the convertible shown here is the sweetheart of the Silver Streaks, a car with a manner all its own. But character is a basic Pontiac ingredient—one that adds greatly to the joy of owning and driving any Pontiac model you choose.

All Pontiacs are beautiful—all Pontiacs offer sparkling performance—all Pontiacs are built to deliver years of dependable, economical driving with only routine service attention.

In short, every new Pontiac has character written all over it and stamped deep into its background. That is one of the important things we mean when we say—dollar for dollar, you can't beat a Pontiac!

PANTHER CREEK MINERS QUIT IN HOURS DISPUTE

Lansford, Pa., June 2 (AP)—Hard-coal miners in the Panther Creek Valley section refused to go to work Thursday in another strike resulting from the long dispute over the hours certain miners must work. The stoppage idled about 6,000 men, and halted production in a large section of the anthracite field.

Most mines in the Panther Creek Valley are operated by Lehigh Navigation Coal Co.

Members of the Panther Valley General Mine Committee, composed of delegates from United Mine Workers locals in the area, voted the strike last night. The committee is a unit of UMW District 7, which has headquarters at Hazleton.

Up Several Times
The dispute over working time has been before the Anthracite Conciliation Board several times. In the past the board has refused to sustain the demands of the workers that men on certain jobs be permitted to leave the mine when their work is finished, without waiting for the normal quitting time.

The stoppage began yesterday at Tamaqua colliery, where a miner protested a reduction in his last pay because he had left the mine early. At a hurriedly-summoned meeting of Tamaqua miners outside the operation the men decided not to go to work.

They carried the dispute to the Panther Valley General Committee last night, which voted the walkout in support of the Tamaqua protest. Miners simply did not report for work in the valley this morning.

All operations of Lehigh were shut down. The company in a statement said the issue in dispute has been ruled on repeatedly by the Anthracite Board of Arbitration and district and national officials of the union. All of these rulings have supported the company's view, the statement said, and were incorporated in a 1947 agreement between the company and union that was intended to prevent any recurrence of the dispute.

Budapest, Hungary, June 2 (AP)—Former Bishop Lajos Lajos Orass has been released from prison.

CIO Wins Run-Off At Westinghouse

Pittsburgh, June 2 (AP)—A narrow margin gave the CIO a victory among electrical workers at Westinghouse Electric corporation's biggest plant.

The election, a run-off, was held yesterday. Company and union spokesmen said 13,067 were eligible to vote in the East Pittsburgh plant, and that 11,713 cast ballots.

The result, being certified to the National Labor Relations board of- fice at Baltimore, gave the CIO-International Union of Electrical Workers a majority of 258 votes over the left-wing United Electrical Workers (independent). That gave the CIO union the right to act as bargaining agent for workers at the plant.

The figures, which company and IUE representatives said they checked with local offices of the NLRB, were: 5,964 votes for the IUE and 5,706 for the UE.

after serving almost 20 months of a two-year sentence, an official communique disclosed Tuesday. Remission of the rest of his sentence followed his removal from the office on April 2 by a special court of Hungary's Lutheran church. He had been convicted in a workers' court September 28, 1948, of neglecting to report to the government that his church had received \$500,000 from American Lutherans.

HABAKKUK TEACHES TRUST IN GOD

Habakkuk 1:14, 12-13; 2:1-4; 3:17-19
Memory selection: I will rejoice in the Lord, I will joy in the God of my salvation.—Habakkuk 3:18

Prosperity is no indication of a nation's righteousness. Sometimes we Americans pride ourselves on our high standard of living and believe

that we are specially favored by God. Babylon also enjoyed a highly developed civilization as did Rome and ancient Israel, but that did not save them from final destruction. In the days of Amos and Micah Israel had all the signs of external prosperity but within the social structure was a deep moral decay.

The plea of Habakkuk differs from that of the other minor prophets because he speaks personally to God in behalf of Israel rather than to Israel on behalf of God. This dramatic dialogue reminds us of Job, for Habakkuk raises many questions. The burden of his complaint is why God permits the wicked to flourish and overcome the righteous. He readily admits the internal disorder in Judah, but identifies Israel as a whole as "righteous" and the heathen oppressors as "wicked." The prophet is perplexed because of Jehovah's apparent indifference.

The Book of Habakkuk consists of only three chapters which fall into three sections: The prophet's complaints and God's answer, a series of Woes on the wrong-doer, a prayer

permits disorder? Such searching questions as Habakkuk put to God seem quite modern.

Keeping law and order, providing justice for all; these questions baffle us as they did Habakkuk. Another problem arises in every war: Why do the innocent have to suffer with the guilty?

Habakkuk's several complaints to Jehovah show a certain skepticism which stems from religious doubt. But the prophet finally curbs his restlessness and establishes a spiritual refuge, an imaginative watch-tower, where he waits until God answers his complaint. Then the Lord did answer and told him to write the vision plainly on tablets. The revelation did not come immediately

but he takes comfort in the thought that "the righteous shall live by his faith."

Lasting Truths

Soon the prophet realized that God expects faith and trust while working out a nation's destiny. Surely God had not only permitted the Assyrians and Babylonians to devastate the land and capture the people, but had actually raised them up as a "rod of punishment." The series of taunt songs or Woes in the second part of Habakkuk are addressed to the heathen oppressor and the thought behind them is that tyranny is intolerable. But, as history attests, tyranny is also suicidal for the tyrant nations who invariably destroy themselves. Take Rome and Nazi Germany.

Out of the world's bitter experience comes hope. We may not understand God's way any more than Habakkuk but we must "live by faith." This is the heart of the lesson. Paul turned the scrolls of the Scripture, reviewed the fact of Christ's resurrection and announced, "We are saved by faith." Luther laid

his doctrine of justification by faith on this interpretation, not forgetting the basic form in Habakkuk 2:4. This fundamental truth of faith in God and the Christian doctrine of love for God and man form the very foundation stones of democracy. Habakkuk was proclaiming spiritual truths that have stood through the ages.

ARRANGEMENTS FOR MUSIC FETE ARE COMPLETED

Details of the Littlestown Music Festival, to be held on the Littlestown Memorial Field Sunday at 8:15 p.m., were announced on Thursday evening. This is the first event of its kind in Littlestown.

Organizations and individuals have donated their time and efforts, so that all of the proceeds over and above general expenses will be applied to the indebtedness on the Littlestown Memorial field. This event is sponsored jointly by the council and the Littlestown Junior Chamber of Commerce.

Participating organizations are the Littlestown high school band under the direction of Paul A. Harner; the Littlestown Men's Chorus and the Women's group under the direction of L. Robert Snyder; the VFW Drum and Bugle Corps, Charles Rogers, director, and Bernard Weaver, drum major, and the Littlestown Junior and Senior high school choruses under the direction of Mrs. William W. R.

Program Is Given
The program follows: "Star Spangled Banner," Littlestown high school band. Supervising Principal Paul E. King will introduce Elmer W. Gall, president of the Littlestown high school athletic council, and Ralph R. Ruggles, Jr., president of the Littlestown Junior Chamber of Commerce, both of whom will speak briefly. Mr. King will then introduce Mack Edwards, program director of station WHYR, Hanover, who will be master of ceremonies.

Then follow selections by the Junior high school chorus, selections by the Senior high school chorus, after which there will be an intermission.

Immediately after intermission the VFW Drum and Bugle Corps will come in from the left of the field and march in front of the grand-

stand where they will play several selections. Then will follow selections by the combined Junior and Senior high school choruses; a selection by the Littlestown Men's chorus and the Women's group, "Smoke Gets in Your Eyes" (their own arrangement); solo, "The Lord's Prayer," Stewart N. Long; selections; the Littlestown high school band, Joan Shull, majorette of the band, will be featured in a baton twirling act, as well as Brenda Hollinger and Jeanne Thomas, majorettes who will also feature a baton twirling act.

"Festival Finale—God of Our Fathers" will be the concluding number and will feature the Junior and senior high school choruses, the Littlestown Men's chorus and the women's group, with the Littlestown high school band accompanying. This finale will include approximately 125 voices.

Littlestown Memorial field has a seating capacity of 1,200, of which 300 are grand-stand seats. Admission for this event will be \$1 for grand-stand seats; bleachers, adults 60 cents and children 30 cents. A few grand-stand seats are still available at Marvin's Cut Rate store.

The purpose of this event is twofold, to enable local talent to give their time and effort in a project designed to bring the community closer together, and to help amortize the indebtedness of the field. It has been announced by officials of this festival that the total amount of contributions raised to date is over \$1,300.

June 11 Is Rain Date
In case of rain, this event will be postponed until Sunday, June 11. If it rains on June 11, it will be held the first clear weeknight after June 11.

Committee members who have given much of their time to arrange for this event are: L. Robert Snyder and Marvin Breighner, co-chairman; program: L. Robert Snyder, Paul A. Harner, Paul E. King and Mrs. William W. R.; field and equipment: William E. Mackley, Charles E. HAMILTON WILL DEFEND GOLD

Philadelphia, June 2 (AP)—John D. M. Hamilton, chairman of the Republican National Committee when Alf Landon was GOP presidential candidate, is chief defense counsel for Harry Gold, 39-year-old research chemist accused of wartime espionage.

Hamilton was appointed by U. S. District Court Judge James P. McGranery yesterday in compliance with Gold's request for counsel. Augustus S. Ballard, like Hamilton a member of the Philadelphia law firm headed by George Wharton Pepper, former U. S. Senator from

Pennsylvania, was named associate counsel.

Gold asked for counsel "who would not make a show; have no radical connections, no leftist or pinkish background whatever."

He was arrested by the Federal Bureau of Investigation here May 23, charged with turning over atomic bomb secrets to Russia. His arrest followed FBI conversations with Dr. Klaus Fuchs, Russian spy convicted in England.

Hamilton said he considered it part of his obligation as a member of the bar to accept the case. He said he had been in California when Gold was arrested and "I know very little about the case."

"I have no idea what will be my line of defense," he told a reporter.

JOHNSON TALKS AT ANNAPOLIS

Annapolis, Md., June 2 (AP)—Secretary of Defense Johnson said today unification does not mean each of the armed services should bury its

own causes.

So long as all are bound by final decisions, he wouldn't want it any other way, Johnson said in a speech prepared for the 110th Naval Academy commencement.

Academy-bred officers "are contributing wholeheartedly" to unification, Johnson told the 690 graduates.

"I can say without any hesitancy

whatsoever that the spirit of unification has become a real and universal force throughout the services," Johnson said. The class itself illustrated his point.

Admiral Forrest P. Sherman, chief of naval operations, swore in 461 as ensigns. But 171 were commissioned second lieutenants in the Air Force. The Marine Corps, an arm of the navy, received 48 shavetails.

"I am not prepared to say that all differences among the services have been resolved or that none will ever rise again," Johnson said. "In fact, toward that kind of unification none of us aspires." Men with strong loyalties are bound to disagree occasionally, he continued.

OUR HOME LOOKS New Again!

"We just finished giving our house the Athey Style Treatment! We never realized before just how dingy and old-fashioned looking a house could get in a few short years! We found several places where the paint had peeled off... the wood was exposed. Right then, we knew it was mighty poor economy to buy a so-called 'cheap' paint. Our house is now fashionably spic and span... and protected by Athey's C.M.A. Paint.

"We were pleasantly surprised at the amount of surface this top quality paint covered...we didn't have to buy nearly so much as we'd planned on. Our colors are scientifically styled to be right for this year and the years to come. Now, our house is well protected...the property value is still high... and the place looks NEW again!"
